GOVERNMENT OF WESTERN AUSTRALIA

PERTH STADIUM

09 June 2017

Dear Sir/Madam

East Perth Station Upgrade Out-of-Hours Works

To continue work on the East Perth Station upgrade, the following out-of-hours work is required:

- **Monday 19 June – Friday 23 June** (7pm- 7am each night)
- **Friday 23 June – Saturday 24 June** (7pm -7am each night)
- **Sunday 25 June** (24 Hours)
- **Monday 26 June – Friday 30 June** (7pm- 7am each night)

On the above dates, train services after 8pm will be cancelled and bus replacement services will operate, with the exception of **Friday 23 June – Saturday 24 June**, when trains will be running as normal.

This work is required to take place during these hours to prevent excessive disruption to Midland Line services and ensure the safety of our passengers and the general public. The works will involve:

- Overhead line mast foundations and installation
- Signal related earthworks
- Platform paving
- Delivery and fit-out of the bridge modules in the East Parade and PTC car parks
- Unloading of rail into the northern part of the East Parade car park.

All work will follow an approved Noise Management Plan, however some noise and disturbance is unavoidable. A noise monitor is set up within the construction area to monitor noise levels. We apologise for these disruptions and any inconvenience they may cause.

Standard construction hours are 7am to 7pm, Monday to Saturday. During out-of-hours works if you feel there is excessive noise please contact the **Site Supervisor** directly on **0428 358 569**. This allows them to immediately review the source of the noise and if possible, put mitigation measures in place. Alternatively, for any other feedback or enquiries regarding the project, please contact Perth Stadium on 9428 1961 or email perthstadium@dsr.wa.gov.au.

The upgrade to East Perth Station is part of the Perth Stadium Transport Infrastructure project and the Public Transport Authority's program of Disability Discrimination Act (DDA) improvements.

PERTH STADIUM

Should you wish to take a virtual reality tour of the upgraded station, you can download the EPSU app to your smartphone or tablet from the Google Play or Apple Store. Once downloaded, click the 'virtual reality' tab and then the map for 360-degree views of the completed station. You can also check out progress shots of construction, artist impressions and information videos.

Once again, thank you for your patience during the upgrade of East Perth Station.

Yours sincerely

Tony Lubicz
Project Director
Public Transport Authority
